 - (i) the LHIN may deduct the amount equal to the unused Interest Income from any further Funding instalments under this or any other agreement with the HSP; and/or
 - (ii) the LHIN may require the HSP to pay an amount equal to the unused Interest Income to the Ministry of Finance.

4.7 **GST.** The HSP:

- (i) acknowledges that all GST rebates it anticipates receiving from the use of the Funding have been incorporated in its Budget;
- (ii) agrees that it will advise the LHIN if it receives any unanticipated GST rebates from the use of the Funding, or from the use of funding received from either the LHIN or the MOHLTC in years prior to this Agreement that was not recorded in the year of the related expenditure;

Interest earned on Funding will be reported and recovered in accordance with subsection 4.6.

5.3 Settlement and Recovery of Funding for Prior Years.

(a) The HSP acknowledges that settlement and recovery of Funding can occur up to seven years after the provision of Funding.

All such settlements and recoveries will be subject to the terms applicable to the original provision of funding.

5.4 Debt Due.

(a) If the LHIN requires the re-payment by the HSP of any Funding the amount required will be deemed to be a debt owing to the LHIN by the HSP. The LHIN may adjust future funding instalments to recover the amounts owed or may, at its discretion direct the HSP to will pay the amount owing to the LHIN

(b) All amounts repayable to the LHIN will be paid by cheque payable to the "Ontario Minister of Finance" and mailed to the LHIN at the address provided in section 13.1.

(b) **Multi-Year Planning.** The CAPS will be in a form acceptable to the LHIN and will incorporate (i) prudent multi-year financial forecasts; (ii) plans for the achievement of performance targets; and (iii) realistic risk management strategies. It will be aligned with the LHIN's Integrated Health Service Plan and will reflect local LHIN priorities and initiatives. If the LHIN has provided multi-year planning targets for the HSP, the CAPS will reflect the planning targets.

(c) **Multi-year Planning Targets.** Schedule B may reflect an allocation for the first fiscal year of this Agreement as well as planning targets for up to two additional years, consistent with the Term of the Agreement. In such an event,

(i) the HSP acknowledges that if it is provided with planning targets, these targets are (A) targets only, (B) provided solely for the purposes of

planning, (C) are subject to confirmation and (D) may be changed at the discretion of the LHIN. The HSP will proactively manage the risks associated with multi-year planning and the potential changes to the planning targets.

6.2 Community Engagement & Integration Activities

6.3.2 **LHIN Evaluation of the Pre-proposal:** A pre proposal is not formal notice of a proposed integration under s. 27 of the Act. LHIN consent to develop the

project concept outlined in a pre-proposal does not constitute approval to proceed with the project. Nor does LHIN consent presume the issuance of a favourable decision, should such a decision be required by section 25 or 27 of the Act. Following the LHIN's review and evaluation, the HSP may be invited to submit a detailed proposal and a business plan for further analysis. Guidelines for the development of a detailed proposal and business case will be provided by the LHIN.

6.4 **Proposing Integration Activities in the Planning Submission.** No integration activity described in subsection 6.3 may be proposed in a CAPS unless the LHIN has consented, in writing, to its inclusion pursuant to the process set out in 6.3.2

6.5 **Definitions.** In this section 6.0 the terms “integrate”, “integration” and “services” have the same meanings attributed to them in subsection 2(1) and section 23 respectively of the Act. Specifically:

and “integration” has a similar meaning; and

- (ii) “service” includes,
 - (a) a service or program that is provided directly to people,
 - (b) a service or program, other than a service or program described in clause (a), that supports a service or program described in that clause, or

7.3 Performance Meetings

- (a) During a meeting on performance, the parties will:

 - (iii) determine the steps to be taken to remedy or mitigate the impact of the Performance Factor (the “Performance Improvement Process”).

7.4 The Performance Improvement Process. The Performance Improvement Process will focus on the risks of non-performance and problem-solving. It may include:

- (i) a requirement that the HSP develop and implement an improvement plan acceptable to the LHIN and that maximizes overall performance while achieving a balanced budget over a fixed multi-year term;
 - (ii) a revision and amendment of the HSP’s obligations; and or
 - (iii) an in-year, or year end, adjustment to the Funding;
- among other possible means of responding to the Performance Factor or improving performance.

ARTICLE 8 - REPORTING, ACCOUNTING AND REVIEW

- (ii) its CAPS is incomplete;
- (iii) the quarterly performance reports are not provided when due; or
- (iv) financial and/or clinical data requirements are late, incomplete or inaccurate,

8.3 Document Retention and Record Maintenance. The HSP agrees

- (i) that it will retain all records (as that term is defined in the *Freedom of Information and the Protection of Privacy Act*) related to the HSP's performance of its obligations under this Agreement for seven (7) years after the termination or expiration of the term of the Agreement. The HSP's obligations under this paragraph will survive any termination or expiry of the Agreement;

The HSP further agrees to indemnify and hold harmless the Indemnified Parties for any incidental, indirect, special or consequential damages, or any loss of use, revenue or profit, by any person, entity or organization, including without limitation the LHIN, claimed or resulting from such Claims.

11.4 **Commercial General Liability Insurance.**

(a) **Required Insurance.** The HSP will put into effect and maintain, with insurers acceptable to the LHIN, for the period during which the Agreement is in effect, at its own expense Commercial General Liability Insurance, for third party bodily injury, personal injury and property damage to an inclusive limit of not less than two million dollars per occurrence and not less than two million dollars products and completed operations aggregate. - (c) **For Cause.** The LHIN may terminate the Agreement immediately upon giving Notice to the HSP if:
 - (i) in the opinion of the LHIN:
 - A. the HSP has knowingly provided false or misleading information regarding its funding request or in any other communication with the LHIN;
 - B. the HSP breaches any material provision of the Agreement;
 - C. the HSP is unable to complete or has discontinued the Services; or
 - D. it is not reasonable for the HSP to continue to provide the Services;
 - (ii) the nature of the HSP's business, or its corporate status, changes so that it no longer meets the applicable eligibility requirements of the program under which the LHIN provides the Funding;

 - A. an Indian Band, as defined under the *Indian Act*, passing a Band Council Resolution;

- B. a Municipality passing a municipal by-law or resolution; or

(a) Opportunity to Remedy. If the LHIN considers that it is appropriate to allow the HSP an opportunity to remedy a breach of the Agreement, the LHIN may give the HSP an opportunity to remedy the breach by giving the HSP Notice of the particulars of the breach and of the period of time within which the HSP is required to remedy the breach. The Notice will also advise the HSP that the LHIN will terminate the Agreement

- (iii) the HSP is not proceeding to remedy the breach in a way that is satisfactory to the LHIN,

then the LHIN may immediately terminate the Agreement by giving Notice of termination to the HSP.

 - (i) cancel all further Funding instalments;

- (ii) demand the repayment of any Funding remaining in the possession or under the control of the HSP;
- (iii) determine the HSP's reasonable costs to wind down the Services; and
- (iv) permit the HSP to offset the costs determined pursuant to subsection (iii), against the amount owing pursuant to subsection (ii).

(b) Despite (a), if the cost determined pursuant to section 12.4(a) (iii) exceeds the Funding remaining in the possession or under the control of the HSP the LHIN will not provide additional monies to the HSP to wind down the Services.

12.5 **Effective Date.** The effective date of any termination under this Article will be the last Day of the notice period, the last Day of any subsequent notice period or immediately, which ever applies.

12.6 **Corrective Action.** Despite its right to terminate the Agreement pursuant to this Article, the LHIN may choose not to terminate the Agreement and may take what ever corrective action it considers necessary and appropriate, including suspending Funding for such period as the LHIN determines, to ensure the successful completion of the Services in accordance with the terms of the Agreement.

- Offers a unique day treatment based program to assist clients to effectively re integrate back into the community.
- Program's mandate is to provide and teach essential life skills to clients with the goal to prevent further hospitalization.

C. Situation Analysis

- Budgetary and Operational issues as balanced budget or surplus a requirement
- Rent and utilities not covered by allocated amount which were previously paid by the HSP.
- Submission to the Central LHIN in June/08 for an additional \$144K funding to address this gap as the HSP is unable to continue to subsidize these costs.

- Volume of patients is determined through historical client volumes, expected referrals, HSP status change to schedule 1 and community needs.
- Forecasted budget status for 09/10 \$ 535,951.00. For 10/11 \$549,282.

- The HSP may not be able to achieve the targeted volume if the H-SIP they submitted for additional funding at \$144k to cover the rent and utilities is not approved by LHIN since the HSP will no longer subsidize this activity.

D. Evaluation of Prior Year Performance

- Maintain the program to serve the mentally ill requiring ongoing stabilization
- Clients complete a pre and post rating scale known as the Canadian Occupational Performance measure to evaluate the effectiveness of their treatment goals.
- This indicator demonstrates that the majority of client discharges make some form of improvement on their treatment goals.
- Challenge to accommodate the demands placed on the program with Schedule 1
- Challenge to operate the program with the current fiscal funding.

E. Changes to Operations Summary (Optional)

- Await review of the Mental Health Program and recommendations.

SCHEDULE B2 – SERVICE PLAN

A. OPERATING PLAN AND BUDGET

A. Overview

The HSP's Adult Day Program provides a setting for adults with disabilities to become involved in supervised activities with the goal of preventing premature and/or inappropriate institutionalization, and providing respite and support for the caregiver. Client eligibility for the Adult Day Program is assessed by the Community Care Access Centre of York Region and intake assessments are conducted by the program coordinator or designate in the clients home.

The clients are registered in groups for people with cognitive impairments, acquired brain injuries, or an integrated program which includes people with a physical disability or a communication disorder.

Goals/Service Trends/Challenges for the program include:

Goal 1. To meet the Complex needs of clients being referred to Adult Day Program.

Trends/Challenges identified:

- * more complex clients requiring an increase in assistance i.e. Ambulation, ADL's, food preparation/feeding etc.
- * an increase in multi-cultural clients
- * an increase in clients presenting with dual diagnosis and with aggressive/challenging behaviours
- * an increase in client swallowing issues
- * an increase in younger people with dementia and stroke diagnosis

Plans to address the issue include: Ongoing and cross-training of staff working in the Adult Day Program, continuing to support staff education, use of specialized staff across programs i.e. Speech-Language Pathologists, Behaviour Consultants etc., hiring staff with multi-cultural backgrounds, use of volunteer/telephone interpreters, use/creation of multi-cultural resources, ensuring clients are admitted to the most appropriate program, ensuring the appropriate mix of trained staff and volunteers are supporting the client's needs, managing wait lists appropriately, and looking at client and family needs as well as client complexities within the programs.

Goal 2. To provide cost effective and client centered services.

Trends/Challenges Identified:

- * increased need for respite care
- * need for more "seamless" service delivery system for clients/caregivers
- * transportation issues for clients include availability for all clients in a timely manner, far distances to travel, and special care need are difficult to find i.e. dementia clients requirements

Plans to address the issue include: Ongoing reviews of current services provided to ensure the Central LHIN/MOH investments is maximized, review of intake process with the Community Care Access Centre, to insure services contracted through the Adult Day Program deliver maximum service/goods for all costs associated, create more linkages

between the Adult Day Program and the Community/District Stroke Centre at the HSP to ensure some continuity of care for clients returning to the community, and to continue to work in partnership with York Region Transit to ensure Adult Day Program client usage is safe and reliable to all clients.

Goal 3. To improve Community Awareness of Adult Day Programs and improve the number and quality of referrals from the Community Care Access Centre.

Trends/Challenges Identified:

- * variable referrals from Community Care Access Centre
- * receiving inappropriate referrals from Community Care Access Centre

Plans to address the issue include: To provide information and education to community agencies as required, to increase and build communications with known referral agencies, to provide ongoing information to York Region Physicians through Community Care Access Centre communiqué's, to discuss strategies for improvement with the Community Care Access Centre/Adult Day Program providers working group.

B. Advancement of the Integrated Health Services Plan (IHSP)

Over 25 HSP staff and physicians participate in 28 LHIN advisory/network groups to assist with system-wide planning and coordination on a regular basis. As an organization, the HSP recently completed an in-depth review of all clinical programs and developed future plans for each program aligned with the LHIN IHSP. Their new Strategic Plan 2008-2011, approved by the Board in September 2008, supports LHIN priorities and an interdependent collaborative system model. They have put particular emphasis on chronic disease management, seniors and mental health. They have recently revised their IMIT plan in collaboration with Southlake Regional Centre and in harmony with the LHIN IMIT plan. The HSP is working toward a shared Business Intelligent tool for all common indicators with LHIN hospitals, the LHIN and the Ministry. The HSP collaborated with Southlake on a cataract partnership. They are also a partner in the COPHA initiative. They are leading the development of stroke protocols to better coordinate care with EMS and York Region hospitals. The HSP has initiated a diversity council in the hospital and engaged a community coordinator to pilot/evaluate strategies for outreach to their diverse communities. They are partnering with York University and the school boards on several endeavours. These are a few examples of how the HSP is engaging others and aligning with the LHIN IHSP in addition to the more formal opportunities on LHIN advisory groups.

In addition to the above, the HSP is in the process of developing a Community Engagement strategy. To date, they have done extensive research, begun discussions the Board committee and developed a draft framework for key areas of engagement. The HSP is part of the LHIN CE Group which will begin in November 2008. They expect to work together with LHIN hospitals and others in the development of a LHIN wide strategy.

The HSP recently engaged in discussions with the Chinese and South Asian communities to develop an ethno-specific day program for people with dementia. The outcome will be evaluated if their collaborative proposal is approved. The HSP also participated in a community provider forum to discuss community needs and priorities regarding dementia.

C. Situation Analysis

Business assumptions and rationale: Volumes are not expected to change as there are no current expansion plans and no significant changes to the program. There was a 3% cost of living increase applied to compensation and a 2% increase to other expenses which is in line with the HSP and the CLHIN hospital's assumptions. A 2.25% stabilization increase was applied to revenues as provided by the Central LHIN's target allocation directive.

Risks to program will remain low as long as appropriate funding to cover costs and appropriate/volumes of referrals remain stable. Overall the program has remained stable since start-up in 1999.

D. Evaluation of Prior Year Performance

The Adult Day Program has remained stable over the past several years. The only variance this prior year was within the Acquired Brain Injury Program where the absentee rate was lower than anticipated. This resulted in more attendances being captured. Also, a new policy was initiated this past year of booking more clients than spaces therefore allowing attendances to be as close to maximum as possible and still allowing for a fluctuating absentee rate. More individuals were also served due to a greater turnover of clients than expected mostly due to clients being more acute or dealing with dual diagnosis and therefore becoming too ill to attend the program for a long period of time.

E. Changes to Operations Summary (Optional)

No changes noted at this time.
